Release date:	18.03.2026
Valid until:	18.03.2031

The article "Grain 2 - brown" has been authorized by Carl Weiske GmbH & Co. KG for indoor use under the FLAMEX brand. The approval is based on testing of the product with the application number "17808".

For the use of "FLAMEX" polyester fabrics as a building product, the general building inspection test certificate P-BAY26-200790 was issued on September 1, 2025, in accordance with the Bavarian Technical Building Regulations, serial no. C 3.4.

The item were tested in accordance with DIN 4102 Part 1, 6.2 and therefore meet the criteria for fire class DIN 4102-B1.

In addition, the product has been tested in accordance with French standard NF P 92-504 (flame spread) and meets the criteria of class M1 in accordance with NF P 92-503, 92-505, and 92-507.

The article also complies with the requirements of fire class 1 according to EN 13773. No ignition or flame spread was observed in the tested FLAMEX fabric in accordance with EN 6940/6941.

The product will also meet the requirements of European standard EN 13501-1 for class B-s1, d0.
